

Change to ISE's 2022 Tour Schedule

*Nov. 1, 2021...*Over the past 18 months the COVID-19 pandemic has caused many events to cancel, move venues or reschedule. Health conditions shut down ISE's 2021 tour.

Now we're moving forward with three expos in 2022, one with a date change. Our Denver Show has moved from early January to March 24-27, at the Colorado Convention Center. Why the change?

- Later dates correspond with an expected relaxation of US travel and other health regulations, allowing more exhibitors and attendees to participate.
- New dates for ISE Denver follow our Utah event, so exhibitors can caravan.
- This schedule eliminates conflicts with holidays, NFL Playoffs and Dallas SCI.

2022 Tour Schedule

- Sacramento – January 20-23
- Salt Lake – March 17-20
- Denver – March 24-27

Finally, we have posted COVID-19 updates for each market, [here](#).

We look forward to seeing you soon!
