

Welcome Back to International Sportsmen's Shows!

We are very proud and excited to present our 2022 Show Tour schedule:

Denver, Colorado	January 6-9
Sacramento, California	January 20-23
Salt Lake City, Utah	March 17-20

A "normal" year includes 3,500+ consumer shows across America. Throughout 2020 and early 2021, most of these events were canceled due to the Pandemic. During this period, millions of Americans escaped into the great outdoors, finding freedom and the spirit of renewal with loved ones and friends.

Beginning this fall, many shows will return across America. And early in 2022, so will three major International Sportsmen's Exposition (ISE) shows.

We invite you to join us!

ISE will work closely with facilities and health authorities to make our shows safe. We will again offer attendees the largest selection of outdoor products and services in each of our host states, plus special show features and activities for newcomer or expert, kiddo to adult.

Fishing, hunting and outdoor enthusiasts—stay tuned for show details on our website and in our social media.

Exhibitors and sponsors, please [contact](#) us now to plan your successful 2022 season.

Welcome back!

Sincerely
